INFORMATION LETTER 212-06-61

TO: All Owners/Operators of Bell 212 series Helicopters

SUBJECT: Model 212 SHEETMETAL ENGINE DECK

Bell Helicopter wishes to inform operators that a sheetmetal center engine deck kit is now available for all Model 212 helicopters, similar to the kit available for Model 412 and 412EP helicopters. The part number for this kit is 412-704-013-109 and the Service instruction is BHT-212-SI-92. There is only limited stock at the moment but Bell Helicopter is taking orders and will be able to deliver kits as production ramps up.
