MODEL AFFECTED: 206L1, 206L3 and 206L4

SUBJECT: EXHAUST DUCT ASSEMBLY 206-064-300-101,
INTRODUCTION OF.

HELICOPTERS AFFECTED: All Model 206L1 and 206L3 helicopters

Model 206L4 helicopters serial number 52001
through 52281.

[Model 206L4 helicopters serial number 52282 and
subsequent will have the intent of this bulletin
accomplished prior to delivery]

COMPLIANCE: At Customer's Option

DESCRIPTION:

This bulletin introduces an improved exhaust duct assembly 206-064-300-101. The aft side of the duct is now fitted with a beaded panel that allows for metal expansion resolving the recurring cracking experienced in the past.

The new exhaust duct assembly, which is a direct part replacement to the existing duct assembly, is now available through Bell Helicopter Textron Supply Center.

APPROVAL:

The engineering design aspects of this bulletin are Transport Canada approved.

MANPOWER:

No additional man-hours are required when this bulletin is performed during normal maintenance.

PRICING POLICY:

Bell Helicopter is offering the new improved exhaust duct 206-064-300-101 at a special introductory price of \$3,975.00, for a limited time only.

This price is valid only until December 1, 2004 and is limited to one (1) exhaust duct per eligible helicopter.

To receive this special price:

1. Customers must order the new exhaust duct 206-064-300-101 from a BHT-approved spares supply source.
2. Order parts no later than December 1, 2004.
3. The owner / operator must make sure to specify he is completing this Technical Bulletin. You will be asked to give the serial number of the helicopter on which the exhaust duct will be installed.

- NOTE -

Customers must have parts on order by December 1, 2004 to receive this SPECIAL PRICE of U.S. \$ 3,975.00

MATERIALS:

Required Material:

The following material is required for the accomplishment of this bulletin and may be obtained through your Bell Helicopter Textron Supply Center.

<u>Part Number</u>	<u>Nomenclature</u>	<u>Quantity</u>
206-064-300-101	Exhaust duct assembly	1

Consumable Material:

None required.

SPECIAL TOOLS:

None required.

WEIGHT AND BALANCE:

Not affected.

ELECTRICAL LOAD DATA:

Not affected.
