INFORMATION LETTER

204B-23-28

19 December 2023

TO: All owners and operators of Model 204B helicopters

SUBJECT: INTRODUCTION OF NEW SILENT CHAIN ASSEMBLY 204-001-739-107

This Information Letter is to inform Model 204B operators that a new silent chain assembly 204-001-739-107 is now available as a replacement for all previous dash numbers.

As shown in the BHT-204B-M&O Section 1, the new 204-001-739-107 silent chain assembly has a 5000-hour airworthiness retirement life. The existing 10X magnifying glass Special Inspection after each 10 hours of component operation is required for this new chain assembly.
