

A Textron Company

INFORMATION LETTER

GEN-07-112

20 April 2007

Revision A, 7 April 2022

TO: All owners and operators of Bell helicopters

SUBJECT: SHELF LIFE OF TEMP-PLATES P/N 6000-1, 6000-2 AND 6000-3

This information Letter is **SUPERSEDED** by the Information Letter GEN-22-156

Bell Helicopter has been informed by Wahl Instruments Inc, that the shelf life of Temp-Plates model 6000 Series will be eliminated from their documentation. A previous letter from Bell Helicopter indicated incorrectly that the shelf life would be removed.

This Information Letter is issued to clearly identify Bell Helicopter's position on the shelf life of Temp-Plates P/N 6000-1, 6000-2 and 6000-3.

Temp-Plates P/N 6000-1, 6000-2 and 6000-3 have a shelf life of 2 years from date of manufacture when stored under the following ambient conditions:

Temperature: 40 degrees F to 80 degrees F (4 degrees C to 27 degrees C)

Relative humidity: 50% Maximum.

We are pursuing further testing to substantiate any future action and will advise if a change is approved.
