

A Textron Company

INFORMATION LETTER

GEN-22-153
19 January 2022

TO: All owners and operators of Bell helicopters

SUBJECT: STRUCTURAL REPAIRS POLICY CHANGE

This Information Letter is to inform owners, operators, and maintainers that beginning March 1st, 2022 Bell will be charging for Bell approved structural repairs. Structural repair requests requiring Engineering Department evaluation or disposition will also be charged.

These charges will be based on a flat fee depending on the type of work required in accordance with the fee schedule below. All fees will be in US Dollars.

Fee	Title	Remarks
USD 5,500.00	AOG	Hard AOG
USD 4,000.00	STANDARD	First come first served basis.
USD 1,000.00	DISPOSITION/EVALUATION	Engineering disposition/Evaluation
USD 500.00	MINOR REVISION	Revision with minor change on the initial repair, otherwise normal repair charges apply.

All other Product Support Engineering (PSE) services remain free.

For any questions regarding this letter, please contact.
